

My master thesis year 2021-22 with the Pierre Auger Observatory

Summer 2021: topic choice (ULB promotor + VUB co-promotor)

Oct 2021: joined the Auger group - weekly meetings, team building, office at IIHE

Jan/Feb 2022: trip to the observatory in Argentina (to do night shifts & ask for new data) ~20 days

Feb-Jun 2022: data analysis (3+ days/week)

July 2022: collaboration meeting (1 week)

Aug 2022: master thesis finish (~60 p.)

Sep 2022: defence
