

## **Session Program**

**27-29 Oct 2025**

**14th CosPa Meeting: "Recent results from  
gamma rays astroparticle physics and future  
detectors" followed by PEPS Workshop**

***Workshop***

# Wednesday 29 October

09:00

12:30

Workshop: Blackboard discussions - Morning	
Session   Location: Building G, G/0-G.0.20 - Neutrino Room	
09:30-10:00	Point of discussion: Science case at PeV region
10:00-10:30	Point of discussion: Synergies with other experiments
10:30-11:00	Point of discussion: Management and organization of PEPS
11:00-11:30	Point of discussion: Mechanical parts of detector
11:30-12:00	Point of discussion: Electronics (including comms)
